

A list of opposing words appears below. Rate how well these words describe your feelings about chemistry courses. Think carefully and try not to include your feelings toward chemistry teachers or chemistry courses. For each line, choose a position between the two words that describes exactly how you feel. Mark that number here or on the standard answer sheet. The middle position is if you are undecided or have no feelings related to the terms on that line.

CHEMISTRY IS

1.	easy	<div style="display: flex; justify-content: space-between;"> 1234567 </div>	<div style="display: flex; justify-content: space-between;"> 1234567 </div>	hard
